Profile

I'm currently a student at Arunodaya University, pursuing Bachelor of Science in Information Information. Alongside my studies, I work as a web developer and software engineer, building both practical and innovative solutions. I'm passionate about programming, web development, and continually exploring new technologies. Outside of work and studies, I enjoy learning about animals and spending time outdoors, especially camping.

Education

Arunodaya University

Bachelor of Science in Information Technology

Remote

Experience

Nodal Team

AkasaAir

Mumbai

April 2023 – Jan 2024

- Here, I'm working in a team of 10 people, and we handle escalations cases via email and calls on a case-by-case basis, and also I learned to use Konnect Insight for sending emails, which was very user-friendly and made the process smoother.
- In this team, we handled different types of LOBs such as Customer Engagement, Appellate and Nodal Team, etc

Sales Executive

Paytm

Mumbai

March 2023 – April 2023

- I was hired to work on the sales team for EDC machines, which are card-swiping devices. My role involved interacting with various shops and malls to promote and sell these EDC machines.
- Created a service to provide gradient across VS and VS add-ins, optimizing its performance via caching
- I learn here how groom my communication skills while I'm interacting with customers, also learn how to execute task under pressure.

Senior Associate

Hoppoo LifeStyle

Mumbai

Sep 2018 – July 2020

- It was basically a travel agency which was also involved in do promote job roles and hire people on commission bases .
- When I joined, the company was known as 'Get Joy Tour and Travels,' but in 2019, it merged with 'The King' and was rebranded as "Hoppoo Lifestyle India Pvt Ltd".
